

# Clinical Fellow In Breast Cancer Trials Research

- *Join a dynamic nationwide research team*
- *Enhance your clinical trials pathway*
- *Newcastle Location*

Applications for this position are sought from clinicians undertaking post graduate training in medical oncology.

This position is for three (3) days per week. Clinical work for two (2) days can be arranged at Central Coast Cancer Centre (Gosford Hospital) for the successful applicant if required (actual days to be agreed).

The Clinical Fellow will have an active involvement with the ANZBCTG's national and international breast cancer clinical trials and will participate in the development, implementation and conduct of the clinical trials and translational program components of the ANZBCTG research program.

## **Salary & Conditions:**

The annual salary based on 3 days per week will be \$106,199.00 plus superannuation.

ANZBCTG is an approved health promotion charity for salary packaging purposes. The annual salary packaging amount is \$15,990.00.

The position will initially be for a period of 12 months with eligibility for re-appointment up to a maximum term of two years.

## **Essential criteria include:**

- Primary medical degree, registrable with the Australian Health Practitioner Registration Agency (AHPRA).
- Completion minimum two years of specialist training in medical oncology.
- Commitment to clinical trials and cancer research.
- Australia citizen or already holds appropriate visa.
